

Correction

Correction to “Perspectives of Canadian health leaders on the relationship between medical assistance in dying and palliative and end-of-life care services: a qualitative study”

CMAJ has been made aware of an error that occurred in the Feb. 24, 2024, issue.¹

In part 1 of Table 1, under “Religion,” the row that read “None, agnostic, or atheist: 1 (53)” should have read “None, agnostic, or atheist: 19 (53).”

This has been corrected at cmaj.ca.
